Record YOUR name in history: Tell the courts to protect life!

This is a historic opportunity for you and a historic moment for America.

For a limited time, you can get **YOUR NAME** entered into the official court record, telling America's judicial system you want to see babies' lives in the womb protected by law.

Sign the petition for life that will be entered into official court records!

In early May, the State of Iowa passed the most pro-life law in the nation, protecting babies from abortion from the moment their heartbeat can be detected. But now that law faces court challenges.

And that's where YOU come in.

The FAMiLY LEADER will be filing a "friend of the court" brief that includes the names of thousands of Americans who are asking the judicial system to uphold the Heartbeat Law and defend the lives of babies in the womb. This presents a truly unique opportunity for you to add YOUR name to the official record, calling on the courts to protect life.

You're going to want to be able to tell your children and grandchildren that YOUR name was counted among the Americans who stood up for life on this day!

All you have to do is fill out the petition form at the link below to add your name to this historic record:
