The FAMIly LEADER President and CEO Bob Vander Plaats appeared on MSNBC with host Craig Melvin on Wednesday, Oct. 10, to talk about President Donald Trump's rally appearance in Council Bluffs, Iowa, the evening before:

The FAMIly LEADER works to inspire the Church to engage with government for the advance of God's Kingdom (and not any person or political party). To that end, TFL has created Honoring God 2018, a non-partisan initiative that equips pastors and church leaders to encourage their congregations to engage in the 2018 Election. As Americans, we have been given the gift of self-government, of choosing our leaders, and like any gift, we have a responsibility to use it for the glory of God.
