The anchor sponsors of The FAMILY LEADERSHIP SUMMIT are ActRight, Alliance Defending Freedom, CitizenLink, Citizens United, The Heritage Foundation's sister organization – Heritage Action, and National Organization for Marriage.

✘ **Last year's Summit sold out** and received much national coverage including being the “live remote location” for The Huckabee Show. Preparation for this year's event includes securing a larger venue and an all-star lineup of conservative speakers. This year's theme is “leading with principle over politics”. Our sponsors and speakers embody the spirit of this theme and The FAMILY LEADER is excited to invite many key players who have impact and influence on the national and world stage.

**All speakers** will be asked to address a “singular” and “major” threat to America and to America's families, along with the opportunity for leadership solutions to these threats. Click here to see our list of Confirmed and Invited speakers.

✘ **Setting the stage** for the worldview application portion of The Summit is Dr. Del Tackett, the architect and teacher of *The Truth Project*. He served in the U.S. Air Force and also at the White House. Del is a renowned communicator of

Biblical worldview, and will be a powerful addition to the Summit.

“One of the hopeful outcomes of the Summit is to bring conservatives together early and consistently in the process leading up to the 2016 elections. We believe that by laying this foundation through an intentional leadership summit, the likelihood for conservatives to coalesce in a spirit of unity for impact and influence in 2014, 2016, and beyond will be greatly enhanced,” said Bob Vander Plaats, President & CEO of The FAMiLY LEADER.

Your ticket price will include the entire day at the Summit, including a box lunch.
