

TFL Capitol Connection, Ep. 6: Exciting new bill aids moms in crisis

The FAMiLY Leader Capitol Team worked on several bills this week – including fighting to stop gambling expansion and working to stop gender indoctrination without parental consent in elementary school – but the big news is an exciting, new bill that could bless thousands of women and children across the state.

This new bill was introduced to help women facing crisis pregnancies both before *and after* birth. Smartly connecting modern technology, government funding, and tangible help for new and/or expecting moms, the Abortion Alternatives Act has saved thousands of lives in Texas, and discussions are underway to bring a similar program to Iowa.

TFL's Drew Zahn, Rebekah Oleson, and Chuck Hurley discuss this week at the Capitol and give you the details on this exciting, new bill:

Join TFL's email list today, so you're ready and alerted when Iowa's legislators need to hear from YOU!
