The purpose of this forum is to find out what is their Biblical Worldview and why they believe the way they do.

The timing of this forum, less than six weeks before the Iowa primary, is critical both to Iowans who are vetting the candidates, and the candidates who are making their case to be our next United States Senator from Iowa. The U.S. Senate Family Forum will also give Iowans an opportunity to further vet the U.S. Senate candidates in a setting friendly to issues affecting the family.

An ice cream social will be held after the forum with all attendees and candidates.

Join us for an evening of vetting and examining the belief systems and positions of those running for U.S. Senate in Iowa!
