## Fetal Heartbeat Law goes to court

Iowa's fetal heartbeat protection law is being sued in court, and **YES**, there is something you can do about it!

Earlier this month, Iowa Gov. Kim Reynolds signed the most pro-life legislation in the nation into law. The "Heartbeat law" protects babies from abortion from the moment their heartbeat can be detected.

But now, as expected, Planned Parenthood and the ACLU are asking the courts to overturn this law.

**This is a historic opportunity for you and a historic moment for America.** For a limited time, you can add **YOUR NAME** into the official court record, telling America's judicial system you want to see babies' lives in the womb protected by law. Please sign this petition and share this opportunity with your friends and family:

We also must remember: Planned Parenthood and the ACLU are not our enemy – Satan and his lies are the enemy. As the church, we must speak the truth into the culture. And we must also petition God to change hearts and minds.

**This is our time!**

***Please commit to pray for the Fetal Heartbeat Law Court Challenge:***

1. Pray for the attorneys defending the law
2. Pray for the judges to have divine wisdom and understanding
3. Pray for our all to see the truth that life begins at the moment of conception
4. Pray that lives would be transformed, not only by the truth of life, but also by the truth of the Gospel!
